I AIN'T GOT NO BODY

ARE you scared of ghosts? Do you get goose pimples all over . . . icy fingers playing up and down your spine . . . when you read ghost stories? Then this story should make you happy, chum . . . because it's a ghost story that I guarantee *won't* scare you one bit! In fact, it might make you laugh a little, or a lot, depending on how you look at it. You see, *I'm* a ghost! That's right . . . I'm a sheet-covered spook without a home to call my own. I'm a creep who ain't got no body and this is my story . . . how I got that way and what's been happening with me since it happened.

I used to be a chemist . . . you know, the kind of guy who plays around with test tubes, formulas and stinking mixtures. As if I didn't work hard enough in the company's laboratory during the day, I had to indulge in experiments of my own at home at night in my own homemade laboratory. You see, I was trying to find a formula that would give a guy the power of invisibility, if he drank the stuff, that is. So every night, and week ends, I would mix this element with that element, fill my record book with notes, and after each experiment felt I was getting closer to success. Sure, I used to drink the stuff and at first my hand would disappear from sight, although I could feel it was there if I touched it with my visible hand. Just a dash of the antidote and the hand would come back into view. So you see, it was working all right and I was on the right track.

But my goal was to make my entire body invisible . . . I wanted to become a truly invisible man. The great possibilities filled my brain with wild, wonderful ideas! Imagine what a guy could do if he walked through the streets of the city, into a bank, locked himself in for the night because no one could see him. A guy could let himself out of the bank at night, with his pockets loaded with cash! Oh yes, the possibilities for an invisible man were enormous!

So I kept experimenting, continually making the solution stronger, more powerful. I reached the point where I could get the bottom half of my torso invisible. It sure looked funny when I took a look at myself in the full-length mirror! There I was, the upper half of my body seemingly floating in midair . . . and the lower part completely invisible! I could sure scare a lot of people that way! In fact, it kinda scared *me* sometimes when I saw only *half* of me in the mirror! If I hadn't done it all by myself, I would've gone off my rocker, wondering what terrible thing was happening to me.

So the experiments went on for months. I felt I was getting closer to my goal . . . complete invisibility. But I was a little worried too. Because I had to make the solution stronger each time in order to make more and more of my body invisible. And the stronger the mixture, the sicker I'd get right after drinking the Stuff. At first my head would spin and I had to sit down if I didn't want to fall down. My legs would become like rubber and I thought I would collapse. And as the mixture became more powerful, the dizziness would be accompanied by colored lights flashing through my brain and half-blinding my baby blue eyes! But I was determined not to give up. I was too close to success to let dizzy spells and colored lights discourage me! I had already reached the point where most of my torso was invisible after drinking the solution. Yep, the only part of me that continued to show was my neck and head. Boy, was *I* a gruesome sight! I'd look in the mirror and see just my head floating there. I'm telling you, even *I* was scared at the first glance. But my searching fingers, which were invisible but still solid, would feel the outline of my body, and I knew it was *there*, even if my eyes couldn't *see* it. So my sense of touch reassured me anyway.

At last the big day arrived! I remember it was a Friday night. The jar was filled with all the necessary ingredients . . . all I had to do was add the last few drops of a powerful compound I had concocted which was supposed to bring the solution to full strength. I reached for the small bottle on the shelf, and without a moment's hesitation I poured its entire contents into the jar. The liquid in the jar began to bubble at once and the smell was awful! But I had dared to go this far . . . I wasn't going to turn back now! With the liquid still bubbling, I picked up

CLINICAL TESTS POSITIVELY PROVE THAT BRUSHING YOUR TEETH WITH CRAZY EACH MONTH IS BETTER THAN USING SANDPAPER!

Skinny Girls Don't Have OOMPH!

It takes those extra lbs. of solid flesh to "bring out" your natural curves

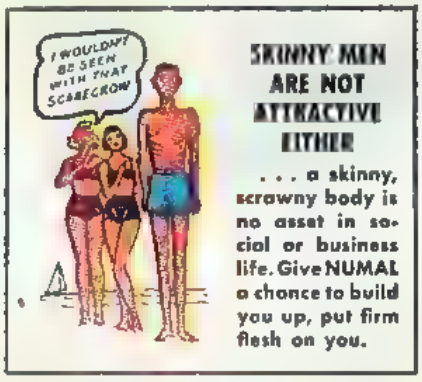
If you're otherwise healthy but skinny, scrawny, rundown and lbs. underweight, try correcting this common mistake in eating.

THERE are three essential substances that many thin, scrawny and undernourished girls may fail to get in sufficient quantity from the food they eat. These substances are Vitamin B_1, calcium phosphate and iron. If, like thousands of others, you are underweight without organic cause . . . never seem to gain a pound . . are so thin that you look gangling and gawky from insufficient amounts of these precious elements, don't get discouraged.

You may find that by correcting this simple mistake in eating you can easily add firm solid flesh . . . extra alluring pounds that help bring out those natural eye-catching curves. A simple and easy way is to try the amazing new product called Numal that supplies, in significant amounts, the Vitamin B_1, calcium phosphate and iron needed in the daily diet. Plus a food that in itself is a great help in adding extra pounds

Take 1 heaping teaspoonful of Numal 3 times a day. It is pleasant, assimilable and easy to take. You will get the equivalent in Vitamin B_1 content of 3 cakes of average moist baker's yeast . . the iron equivalent of 15 pounds of tomatoes or 1⅔ pounds of spinach or 9 pounds of boiled beets...and the calcium equivalent of ⅘ths pint of fresh cow's milk, the phosphorus content of 1 glass.

Remember, if you don't get a sufficient quantity of Vitamin B_1 in your daily diet, you may suffer loss of appetite. And without sufficient iron, the element that helps build rich red blood, you may be rundown, pale, weak and listless. You need calcium phosphate for sound teeth and sturdy bones.



SKINNY MEN ARE NOT ATTRACTIVE EITHER

. . . a skinny, scrawny body is no asset in social or business life. Give NUMAL a chance to build you up, put firm flesh on you.

Numal Must Please You or No Cost

So if you are skinny, gangling and bony from lack of these precious nutrients, don't wait any longer. Get Numal today. You will want those extra pounds that "bring out" your natural eye-catching curves. Take Numal faithfully for a week. See if you can't actually feel the difference . . . gain weight and better color. If after this short period you honestly don't feel Numal has benefited you, just return the bottle for a complete refund of your money. Numal costs but a few cents a day to use.

If loss of weight persists see your doctor

the jar and tilted it to my lips. I let the warm liquid pour down my throat, drinking it as if I hadn't quenched my thirst in a month. When the last drop had disappeared from the jar, I set it down on the table. And then it began! My legs got that rubbery feeling . . . I had expected that. I sat down before I fell down. Then came the colored lights . . . every color of the rainbow, and even some I never saw before! The room was going round and round and I heard a queer clicking in my brain. Something was happening to me all right . . . this was it! I wanted to look into the mirror to see my form gradually disappear from view. But I felt so weak that I couldn't move over to the mirror. And then I fainted dead away! I slipped off the chair onto the floor, and lost my senses!

About an hour passed before I regained my senses. Outside of a headache, I felt okay. I got to my feet and walked over to the mirror. I was shocked! There I was standing in front of the thing and the mirror *didn't* give back my reflection! And then I realized that *that* was the whole idea! I had intended to make myself invisible, and I had succeeded! So how *could* the mirror give out with my reflection . . . stupid! I was happy, overjoyed, walking on air! I had done what no chemist, no scientist had ever succeeded in doing! The first, original invisible man . . . that's me!

I couldn't wait to find out what power this unique condition would give me, so I left the house and started down the street. At first it was fun, tripping up pedestrians and watching the looks of astonishment on their silly faces! And what a laugh taking an apple from the fruit stand and munching on it as the grocer stood there bug-eyed, watching his apple gradually disappear in midair before his eyes! But this was child's play. I had bigger things in mind!

Money . . . that's what I wanted! Of course the banks were closed, since this was night time. But there was plenty of loose cash in the registers of the restaurants, the theatres, the shops that stay open late. I started with an exclusive restaurant where I had

never eaten because I could never afford their high prices on my small salary. I walked right by the head waiter just as calmly as you please and went to the cashier's desk. She was a pretty blonde and I was tempted to steal a kiss. But I reminded myself I had come here to steal something else and I saw that the register was loaded! When the girl turned her head aside for a moment, I pushed the No Sale button and the draw opened again. The girl was startled by the sudden ring of the drawer opening and stared at it, just in time to see the tens and twenties floating through the air and suddenly disappear from view! That's when I slipped them into my pockets! I think she fainted dead away as I ran from the joint!

I was so pleased with my success, that I repeated this action in a number of other restaurants, then in the theatres. Finally, my pockets were so loaded with bills that I decided to leave the other stores for some other night! Oh what a joy to be invisible! I could hardly contain my glee and started to run down the main street. And that's when I made my big mistake! Being invisible, I forgot that I was *still* a *solid* object. And forgetting that, I ran carelessly across the street. That's when the speeding police car hit me! The police were racing to the scene of my last holdup and *I* had run right out in front of them!

Imagine the surprise of the police when all those bills began to fly from my pockets into the street! Here was the loot they were looking for . . . but *without* the looter! How come? Well, you see, when that car hit me, I was *killed* outright! Yep! I never did get back to my laboratory where I had the antidote solution waiting for me to drink so I could *regain* my visible form! So I died as an *invisible* man . . . and they couldn't bury me if they couldn't see me! So here I am, an unburied ghost, running around hither and yon . . . a corpse that ain't really a corpse . . . because I ain't got no body . . . see what I mean?

Tired of Being Ashamed of Your Build?

LET ME GIVE YOU A NEW HE-MAN BODY!

Charles Atlas

Awarded the title of "The World's Most Perfectly Developed Man" in an international contest.

My Secret Method Has Worked for Thousands No Matter How Skinny or Flabby They Were — Now, Why Not Let It Work For You?

HERE'S WHAT I'LL PROVE IN 15 MINUTES A DAY CAN DO FOR YOU

I DON'T CARE how old or young you are, or how ashamed of your present physical condition you may be. If you can simply raise your arm and flex it I can add SOLID MUSCLE to your biceps—yes, on each arm—in double-quick time! *Only 15 minutes a day*—right in your own home—is all the time I ask of you! And there's no cost if I fail.

I can broaden your shoulders, strengthen your back, develop your whole muscular system INSIDE and OUTSIDE! I can add inches to your chest, give you a vise-like grip, make those legs of yours lithe and powerful. I can shoot new strength into your old backbone, exercise those inner organs, help you cram your body so full of pep, vigor and red-blooded vitality that you won't feel there's even "standing room" left for weakness and that lazy feeling! Before I get through with you I'll have your whole frame "measured" to a nice, new beautiful suit of muscle!

WHAT'S MY SECRET?

"DYNAMIC TENSION!" That's the ticket! The identical natural method that I myself developed to change my body from the scrawny skinny chested weakling I was at 17 to my present superman physique! Thousands of other fellows are becoming marvelous physical specimens—my way. I give you no gadgets or contraptions to fool with. When you have learned to develop your strength through "*Dynamic Tension*" you can laugh at artificial muscle-makers. You simply utilize the DORMANT muscle-power in your own God-given body—watch it increase and multiply double-quick into real solid LIVE MUSCLE.

ARE YOU
Skinny, Weak, and run down?
Always tired?
Nervous?
Lacking in confidence?
Constipated?
Suffering from bad breath?
Fat and flabby?
Do you want to lose or gain weight?
WHAT TO DO ABOUT IT is told in my FREE BOOK.
